MELKSHAM RURAL POLICE REPORT – MARCH 2018

Hello and welcome to this month's Community policing report. This month's report will focus on Independent Advisory Groups (IAGs).

The primary role of an IAG is to act as a 'critical friend' to the Police. IAGs were created to work as genuine partners with the Police to inform improvements in service delivery with a particular focus on diversity and the protected characteristics as covered by the Equality Act 2000.

IAGs do not represent the views of the community as a whole, but of the individual IAG members. IAGs are only one part of the jigsaw of wide community consultation engagement.

What do IAGs do?

As critical friends, IAG members constructively advise and work with the Police as a genuine partner in driving service improvement. Members will challenge conventional thinking and giving an independent perspective on issues through a process of open discussion and feedback.

IAG members are not expected to provide 'specialist advice' on policing issues. Rather, they are designed to provide advice on how policing services may be, or are being perceived by communities. IAG members are not independent scrutinisers, as this function is carried out via existing established mechanisms.

What do members do?

- Give individual perception / advice on policy (including policy development), and practices, which impact on diverse communities.
- Provide a view on how particular police activities are likely to be perceived by communities, for example Stop & Search.
- Give a personal perspective as a person who is connected to a particular community – IAG members do not speak on behalf of the community.
- Advise the police on cultural and other issues, specifically relevant to the community involved.
- Give post incident advice in regard to critical incidents, noting how the incident advice may differ in different communities and cultures.

IAG Meetings

feedback@wiltshire.police.uk

It is recommended that IAGs meet at least 4 times a year. The IAG Chair and Coordinator will consult members and set meeting agendas.

The agenda can be informed from the information offered in the IAG information pack and will be updated at intervals in time for each meeting by the Strategic Service Improvement Department within Wiltshire Police.

The information pack will contain amongst other things, Hate Crime and Stop and Search activity data. If there is a rise in activity for example, members may wish to understand why and cover this as an agenda item.

A recent IAG recruitment campaign was conducted, and we are due to hold our first meeting in the beginning of April.

BURGLARY ARRESTS UPDATE

Officers are investigating a series of burglaries in Trowbridge, Melksham, Bradford on Avon and Westbury areas which have all occurred in the last few weeks. In the majority of the burglary cases, offenders have entered a property via an insecurity (mainly the front door) or able to obtain front door/car keys via access through the letterbox

As a result, 4 males, 3 of them juveniles, were arrested on the 27th February in connection to the investigation. The CTT (Community Tasking Team) took on responsibility for coordinating the investigation. The update so far; Two teenagers have been charged following a series of arrests relating to car key burglaries in west Wiltshire.

A 17-year-old from Warminster has been charged with aggravated taking a vehicle without consent, driving while disqualified and driving without insurance. He has been bailed and is due to appear at Salisbury Youth Court next month. He was also arrested on suspicion of burglary and has been released on conditional bail pending further enquiries.

A 17-year-old from Trowbridge has been charged with aggravated taking a vehicle without consent. He has been bailed and is due to appear at Salisbury Youth Court next month. He was also arrested on suspicion of burglary and has been released on conditional bail pending further enquiries.

A 16-year-old and 19-year-old, both from Trowbridge, who were arrested on suspicion of burglary, have been released on conditional bail.

To improve the security in and around your home, we are asking residents to remember the following advice:

- Lock your doors and windows every time you leave the house, and make sure you have approved locks or bolts on all doors and windows
- Use a timer to set lights to mimic your usual activity when you are not home.
- If you buy large or valuable items such as a bicycle, ensure any serial numbers are registered with www.immobilise.com
- Ensure keys and handbags are not on display in your premises
- Always report any suspicious activity, note any vehicle registrations, descriptions of persons involved and direction of travel
- Make sure any bolts on garden gates are low enough so that they cannot be opened by reaching over the top of the gate
- Never leave a key in a hiding place like in a plant pot or letterbox – a thief knows all the hiding places.

WEEKLY TASKING MEETING

Inspector Andy Fee chairs a weekly internal “tasking meeting” where emerging community issues and concerns are raised and discussed for the whole West Wiltshire CPT area. From this meeting, priorities and actions are set and a tasking document produced. This involves developing strategies and the targeting of resources (including partner agencies) into tackling the issue or concern.

Currently there are no specific priorities highlighted for the Melksham rural area, however the general focus is for burglary, particularly Dwelling Burglary. Following several reports of confirmed and attempt burglaries in the wider West Wiltshire. Both high visibility and plain clothes patrols have been taking place during night time hours. This has led to a significant result as documented above

CSW - COMMUNITY SPEEDWATCH

Every 2 weeks, 4 Community Speedwatch Schemes across West Wiltshire are selected by Leanne Homewood for CPT support (additional targeting, enforcement and patrols) to supplement the CSW team sessions. These are included in our weekly tasking document for action and update.

Currently there are no Melksham rural CSW schemes selected at this time.
