

WEBMASTER REQUIRED!

As we are sadly losing our Clerk this year, we need someone to replace the fantastic work he does running our website. The role will include:

- Working with the PC to maintain the current website, with a view to investigating other, more efficient and cost-effective options
- Posting all minutes, agendas and other information from the Parish Council and helping local groups promote their events

Please contact Leon if you may be interested and he will give you further information: clerk@steeple-ashton.co.uk
